

LABORATORY REPORT

NAME : MR.SI0669	REFERRED BY : SELF	VISIT NO : VAMP26148134
AGE : 40Y 0M 0D	ZERO TARIFF CLIENT CODE	COLLECTED ON : 21-04-2026 10:00
GENDER : Male	LAB MR# : AAMP01479413	RECEIVED ON : 21-04-2026 18:11
OP / IP / DG # :		APPROVED ON : 22-04-2026 19:48
		REPORT STATUS : Final Report

Test Name	Result	Biological Ref. Interval	Unit
-----------	--------	--------------------------	------

SEROLOGY AND IMMUNOLOGY

Hu Antibody - (Against neuronal antigen in Paraneoplastic syndromes) (Serum)

Hu Antibody <i>Immunoblot</i>	Negative	Negative
----------------------------------	----------	----------

Interpretation:
Note:

- It is recommended to confirm all positive results by indirect immunofluorescence.
- Negative results do not exclude the possibility of Paraneoplastic syndromes.

Comments:

Paraneoplastic autoimmune neurological disorders reflect a patient's humoral and cellular immune responses to cancer. Seropositive patients usually present with subacute neurological symptoms pf Encephalopathy, Cerebellar ataxia, Radiculopathy, Myelopathy & Neuromuscular transmission disorders. This assay is recommended in patients with past or family history of cancer, smoking and environmental exposures to carcinogens.

Antibodies	Neurological Syndrome	Typically associated tumors
Anti-Hu(ANNA 1)	<ul style="list-style-type: none"> • Sensory neuropathy • Chronic Gastrointestinal Pseudoobstruction • Cerebellar degeneration • Limbic encephalitis 	Small cell bronchial carcinoma

Uses:

- Serological evaluation of patients who present with a subacute neurological disorder of undetermined etiology, especially those with known risk factors for cancer.
- Investigating neurological symptoms that appear in the course of, or after, cancer therapy, and are not explainable by metastasis.

				REPORT STATUS	: Final Report

Test Name	Result	Biological Ref. Interval	Unit
-----------	--------	--------------------------	------

- To detect Occult malignancy.
- Differentiating autoimmune neuropathies from neurotoxic effects of chemotherapy.
- Monitoring the immune response of seropositive patients in the course of cancer therapy.
- Detecting early evidence of cancer recurrence in previously seropositive patients.

Dr. G. Amitha
MBBS, MD (MICROBIOLOGY)
Consultant Microbiologist

Disclaimer:

1. All results released pertain to the specimen as received by the lab for testing and under the assumption that the patient indicated or identified on the bill/test requisition form is the owner of the specimen.
2. Clinical details and consent forms, especially in Genetic testing, histopathology, as well as wherever applicable, are mandatory to be accompanied with the test requisition form. The non-availability of such information may lead to delay in reporting as well as misinterpretation of test results. The lab will not be responsible for any such delays or misinterpretations thereof.
3. Test results are dependent on the quality of the sample received by the lab. In case the samples are preprocessed elsewhere (e.g., paraffin blocks), results may be compromised.
4. Tests are performed as per the schedule given in the test listing and in any unforeseen circumstances, report delivery may be affected.
5. Test results may show inter-laboratory as well as intra-laboratory variations as per the acceptable norms.
6. Genetic reports as well as reports of other tests should be correlated with clinical details and other available test reports by a qualified medical practitioner. Genetic counselling is advised in genetic test reports by a qualified genetic counsellor, medical practitioner or both.
7. Samples will be discarded post processing after a specified period as per the laboratory's retention policy. Kindly get in touch with the lab for more information.
8. If accidental damage, loss, or destruction of the specimen is not attributable to any direct or negligent act or omission on the part of Ampath Labs or its employees, Ampath shall in no event be liable. Ampath lab's liability for a lack of services, or other mistakes and omissions, shall be restricted to the amount of the patient's payment for the pertinent laboratory services.
